

Under the *Education and Care Services National Regulations* the approved provider must ensure that policies and procedures are in place for emergency and evacuation situations (Reg. 168) and take reasonable steps to ensure those policies and procedures are followed (Reg.170) (ACECQA 2021).

Our Service is committed to the ongoing safety and wellbeing of children, staff, students, families and visitors. To achieve this, we will implement our Emergency Management Plan (EMP) which provides a clear plan to manage all emergency situations, including a plan for emergencies that may require our Service to go into lockdown and ensure our educators and staff are well equipped with the knowledge and expertise to respond effectively when required. Children and staff will regularly rehearse our emergency procedures, including different lockdown measures to ensure their safety and wellbeing.

PURPOSE

We aim to minimise the risk of harm, ensuring the safety of children, educators, families, and visitors of the Service in the event of a threatening or emergency situation.

Paramount Consideration and Child Safe Commitment

Sprouts Early Learning complies with the Western Australian Child Safe Standards and recognises that the safety, wellbeing and best interests of the child are the paramount consideration in all lockdown decision-making.

“Paramount” means of greater importance than any other matter.

In any lockdown, lockout or shelter-in-place situation, decisions relating to timing, location, supervision, communication and release of children will prioritise children’s immediate and ongoing safety above operational, relational or property considerations.

Where competing pressures arise — including parental demands, reputational concerns, or disruption to normal operations — the protection of children from harm will take precedence.

Where uncertainty exists, the Service will err on the side of child safety.

SCOPE

This policy applies to children, families, staff, educators, management, approved provider, nominated supervisor, students, volunteers and visitors of the Service.

IMPLEMENTATION

Our Service's Emergency Management Plan (EMP) outlines emergency management arrangements. Within the EMP we have set procedures to follow in the event of any emergency requiring evacuation or lockdown. These procedures comply with regulatory requirements and are consistent with recommendations by recognised authorities. All lockdown responses will be guided by a child safe decision-making framework that ensures children remain at the centre of emergency actions, including maintaining adequate supervision, protecting emotional wellbeing, minimising trauma exposure and upholding children's dignity during high-risk situations. They are designed to ensure an efficient, safe, and calm procedure for all children, staff, families, and visitors.

DEFINITIONS

Within education and care services there are three types of lockdowns that may be required to be implemented in an emergency situation. During an emergency, it may be necessary to implement a combination of measures. [Emergency and evacuation- Policy guidelines](#) - ACECQA 2023

Lockdown: a security measure taken during an emergency to prevent people from **leaving or entering** a building or premises until the threat or risk has been resolved. This may be implemented when an external and immediate danger is identified and children and staff should be kept safely inside the building. For example:

- Potentially dangerous unwanted or uninvited intruder
- Potentially dangerous person due to intoxication or substance abuse
- Receiving an emergency services warning about a reported incident or civil disturbance

Lockout: a security measure taken during an emergency to prevent people from **entering** a building or premises until the threat or risk has been resolved. This may be implemented when an internal or immediate danger is identified and it is determined that children and staff are to be **excluded** from the premises for their safety. The Service will evacuate children, staff, visitors and families to a pre-identified evacuation point as identified in the EMP. For example:

- internal fire or flood damage to the building
- chemical or hazardous substance spill or gas leak inside the building
- snake or dangerous animal inside the building

Lock in- (Shelter in place): a security measure taken during an emergency to prevent people from **leaving** a building or premises until the threat or risk has been resolved. This may be implemented when an incident occurs outside the ECEC Service and emergency services determine the safest course of action is to keep children, educators and staff inside a designated building in the Service until it is safe to return to normal operation. For example:

- unidentified dangerous animal or insects
- natural disaster (severe storm)
- aggressive visitor or person within the community.

THE APPROVED PROVIDER/ MANAGEMENT OR NOMINATED SUPERVISOR WILL:

- ensure that complex or high-risk lockdown decisions are documented, including the rationale demonstrating how the principle of paramount consideration was applied to protect children's best interests.
- ensure obligations under the *Education and Care National Law and Regulations* are met and understood by all educators and staff
- ensure the nominated supervisor, management, staff, educators comply with this policy
- ensure new staff, volunteers and students are provided with information and training about lockdown procedures upon induction
- ensure the Service's Emergency Management Plan (EMP) is reviewed and updated at least annually
- engage relevant stakeholders/authorities to improve risk mitigation strategies for lockdown situations as part of our EMP (police, fire, parents/families)
- develop, and review annually, a risk assessment to identify potential emergencies that may require the Service to go into lockdown, lock out or lock in emergency response
- review the risk assessment annually or after becoming aware of any circumstance that poses a risk to the safety and well-being of children attending the Service
- ensure capacity to lock internal doors
- consider procedures for non-ambulant children and staff implications in the event of a lockdown (especially for a multi-storey setting)
- ensure emergency evacuation floor plans and instructions/ procedures, are displayed in prominent positions near each exit and in the indoor and outdoor learning environments (Reg. 97(4))
- nominate the person/ persons with authority to manage the lockdown response
- determine communication channels- ensure all educators and staff have access to an operating telephone or means of communication- consider use of communication apps for silent group communication among staff members (What's app, Messenger)
- determine how the different types of lockdown alert signal will be given
- contact emergency services as soon as practicable- provide essential information to police depending on the type of lockdown to be implemented- (e.g.: description of the intruder, threat, weapons)
- design a movement and wellbeing plan to follow if not in an indoor learning environment
- develop an effective strategy for checking the attendance roll and communicating with children, educators, families, and visitors of the Service
- document roles and responsibilities of staff and educators

- plan to maintain children’s safety and wellbeing
- ensure lockdown drills are practiced *every three months* at different times to ensure all staff and children have the opportunity to participate
- document emergency lockdown rehearsals including the responsible person who is present at the time of the rehearsal
- ensure lockdown drills are reviewed and reflected upon each time they occur and are adequately documented including any improvements
- communicate with families about lockdown procedures and drills
- submit a serious incident notification to the regulatory authority within 24 hours when there has been an emergency that has posed a risk to the safety and wellbeing of the children
- refer to the *Emergency and Evacuation Policy* for steps to be followed when the Service needs to close in response to an emergency
- ensure the regulatory authority is notified via the [NQA IT System](#) if the Service is required to close for a period of time as a result of a local emergency (evacuation due to cyclone, or to repair damage caused by a cyclone) [Reg.175 (2)(b)]
- ensure the Department of Education (CCS) is notified if the Service is required to close for a period of time as a result of a local emergency through the Provider Entry Point (PEP) or our third-party software within 24 hours.

IN THE EVENT OF A LOCKDOWN, MANAGEMENT AND EDUCATORS WILL:

- contact emergency services (000) for assistance
- alert staff using agreed signal for immediate lockdown
- move infants and children to a secure designated lockdown location where doors can be locked or barricaded securely (as per EMP)
- ensure all children, educators, staff and visitors are accounted for (check daily sign on sheet/app, staff sign in/out, visitor register, head count)
- Remove the evacuation plans from the walls of the Service once all staff and children are in the lockdown position
- check the premises to ensure no one is left outside
- gather transportable first aid/emergency kit/medical management plans/medication (including emergency contact list for children)

- lock external doors, windows and close blinds and turn off lights. During a Lock Down staff will lock internal doors
- turn mobile phones onto silent/vibrate
- ensure children remain out of sight during the lockdown period
- ensure children remain calm with quiet activities to engage them
- ensure a telephone line is kept free
- administer first aid if necessary
- divert families and returning groups from the Service if required
- continue to liaise with emergency services and other relevant agencies
- remain in lockdown until the all-clear signal is given by emergency services
- ensure all families are notified of the incident as soon as practicable after the lockdown has ended
- ensure a record of all actions/decisions and times is maintained
- complete a serious incident notification to the regulatory authority within 24 hours via the [NQA IT System](#) when there has been an emergency that has posed a risk to the safety and wellbeing of the children
- provide opportunities for debriefing and counselling to families, children and staff.

DURING A LOCKOUT, MANAGEMENT AND EDUCATORS WILL:

- contact emergency services (000) for assistance
- decide which of the Service's pre-identified evacuation point/s is most appropriate to the emergency situation (as stated in the EMP)
- assemble children, educators, staff and visitors at the evacuation point if children and staff have already arrived at Service
- if emergency situation occurs before usual operating hours of the Service, divert families from accessing the Service due to the emergency if possible- (app, email)
- follow the *Emergency Management Plan*, including *Emergency Evacuation Procedure*
- ensure all children, educators, staff and visitors are accounted for (check daily sign on sheet/app, staff sign in/out, visitor register, head count)
- check the premises to ensure no one is left inside
- lock external doors to prevent entry to the Service
- gather transportable first aid/emergency kit/medical management plans/medication (including emergency contact list for children)

- continue to liaise with emergency services and other relevant agencies
- confirm with emergency services when it is safe to return to the Service
- alert families that the emergency lock out has been resolved and children are able to return to the Service or be reunited with families
- ensure a record of all actions/decisions and times is maintained
- complete a serious incident notification to the regulatory authority within 24 hours via the [NQA IT System](#) when there has been an emergency that has posed a risk to the safety and wellbeing of the children
- provide opportunities for debriefing and counselling to families, children and staff.

DURING A LOCK IN- SHELTER IN PLACE, MANAGEMENT AND EDUCATORS WILL:

- contact emergency services (000) for assistance if required
- move children, educators, staff and visitors to a pre-determined shelter-in place location (as indicated in EMP) as quickly as possible if safe to do so
- assist with moving babies, younger children and non-ambulant children to the designated area inside the service premises
- ensure all children, educators, staff and visitors are accounted for (check daily sign on sheet/app, staff sign in/out, visitor register, head count)
- gather transportable first aid/emergency kit/medical management plans/medication (including emergency contact list for children)
- lock external doors, windows and close blinds or curtains where possible and turn off lights. If required, staff will lock internal doors
- ensure a telephone line is kept free
- keep children away from windows if the emergency involves an extreme weather event
- use any available linen to block gaps around doors or window to minimise the entry of smoke/hazardous chemicals
- continue to liaise with emergency services
- ensure the delegated educator/responsible person contacts families or emergency contacts to notify them of the emergency situation. If advised by emergency services, they will arrange for the child/ren's collection from the service
- ensure children remain in a confined area, or out of sight for a 'full lockdown'
- administer first aid if necessary

- implement the Service’s *Emergency Management Plan* including *Emergency Evacuation Procedure* If advised by emergency services
- remain in ‘lock in’ until the all-clear signal is given by emergency services
- ensure a record of all actions/decisions and times is maintained
- complete a serious incident notification to the regulatory authority within 24 hours via the [NQA IT System](#) when there has been an emergency that has posed a risk to the safety and wellbeing of the children
- provide opportunities for debriefing and counselling to families, children and staff

CONTINUOUS IMPROVEMENT/REFLECTION

Our *Lockdown Policy* will be reviewed on an annual basis in consultation with children, families, staff, educators and management.

Post-incident reflection will include consideration of the emotional and psychological safety of children, ensuring that recovery responses continue to uphold the principle of paramount consideration.
